THE MAIL SLOT

Sept. GENT: An Extra Hot Ration Of Busty Beauties

DEAR GENT:

I applaud your choice for September's covergirl/centerfold model. Honey Moons is finally receiving the recognition she deserves. I find her curvaceous, voluptuous body much more appealing than the "slim and super-stacked" type of model. Honey reminds me a great deal of Tabitha Towers. Both possess titanic melon-shaped tits with CD-sized haloes enhancing their erotic beauty! The judges are still out when it comes to deciding who has "the ultimate areola," but I doubt that Tabby could fill Honey's humongous bra! In spite of the yielding, supple appearance of Honey's massive melons, they exhibit a robust firmness with only moderate sag. The size and texture of Honey's hooters have got to be perfect for a tit-fuck! My fantasy is to have my shaft swallowed up between her gigantic lobes of soft, creamy titflesh! When you got tired of that, you could bury your tongue in her huge haloes and take a couple of laps around her immense teats.

It's apparent from the outrageous "sweek cheeks" of Honey's sumptuous ass, this heavily endowed exotic dancer has much more to offer. In a recent photo layout Tabitha Towers compared herself to Honey Moons for the same reasons I mentioned above. She finished by saying, "but she was prettier." That may be true, but Honey possesses more raw sex appeal. "White hot Honey" makes the pages radiate with sexual excitement! For arousing sensual beauty, her bodacious boobs are unsurpassed. They're tits you'd like to squeeze more than any others that bounce across the stage!

KIMBERLEE: is the ultimate hard-body, with long legs and golden skin

I couldn't agree more with your writer's assessment of Kimberlee Kupps. Initially, her poses seemed stiff and lacked sex appeal. She has a fantastic figure, but her photo layouts lacked the fire necessary to provide stimulating poses. It's obvious from GENT's photo set of Ms. Kupps that she has provided a "burning" visual experience! Kimberlee is the ultimate hard-body, with gorgeous long legs to match. Her golden bronze skin adds to her stunning appearance. Honey Moons had to put on one of her best performances before the camera to edge out this tantalizing tigress for best of your September issue, and I'm not sure Kimberlee has achieved her full potential yet.

For the third and final spot, Susan Dickson narrowly edged out Magda. Susan's "all natural," perfectly proportioned figure and beautiful face just could not be denied! Her gorgeous legs can match the very best in the world of double D's. She is not only extremely well endowed for a "cross-over" model, but her lofty torpedo-shaped boobs are extremely impressive. Susan definitely has what it takes to compete with the models that frequent the big-tit publications.

Beyond the professional models, I could not help but marvel at Margareta in "Candidly Yours." A great figure and an enormous pair of heavy hangers! Absolutely worthy of a professional layout.

Another banner month for GENT magazine with an extra hot ration of busty beauties. —Ken R., Colorado

THE MAIL SLOT

SUSAN: has delicious bullet-shaped boobs and a body from heaven

September Was Spectacular

DEAR GENT:

At a time when the headline strippers are overloaded with rigid globular or cone-shaped tits and bodies that are hard and lean, it's refreshing to experience the full voluptuous curves and supple meaty melons of Honey Moons. Her monstrous mammaries are soft and pliable, but still prominent with minimal sag... the best of all worlds! If this wasn't enough, her massive melons are more beautifully decorated than the chest of a five-star general. Honey's huge knobby nipples and staggering "awesome areolae" are a mouth-watering, unbeatable combination. With Tabitha Towers, one of the two largest sets of "humongous haloes" on stage!

Powerful and sexy, Honey is one of my favorite superstars, and the cock-throbbing centerfold photo in GENT moved her up a couple of notches on my list. Honey has those tremendously fuckable titties. They have the size, stretch and flexibility to wrap around a telephone pole and touch on the other side. Sweet Honey indeed!!!

A sucker for gorgeous long legs and a beautifully proportioned (39-24-36) total package, I couldn't help but be very impressed by your "Lady in Red," Susan Dickson. She has delicious bullet-shaped boobs, a body from heaven and is a real looker. Her tits appear to be firm and natural, and she's put together quite a set of teasing and tempting photos. Her sexy red outfit is indicative of the heat she creates among your readers.

What more can be said about the legendary Trinity Loren, the big tit queen of mainstream porn? She has probably tit-fucked more studs into submission than any other busty video star in the business! When Trinity is on her back and some guy is hitting the short strokes, her mounds of titflesh slide up and back on her chest in an erotic motion. Each of her genuine jugs is capped with a huge juicy nipple, which is just begging to be sucked on. This full figured beauty is some piece of work!

Magda provides another magnificent 39 inches of high-riding hooters with a bullet shape that is even more pronounced than Susan's jugs. Magda's thrusting all-natural breasts and deep, baby blue eyes immediately draw your attention. This sultry beauty really heats up the pages for her first time out. Obviously, she has a great future in modeling ahead of her.

Your September issue supplied another mixed collection of spectacular models. —Jay N., Colorado

Magda: The Highlight Of The Issue

DEAR GENT:

Before I tell you my thoughts concerning the September, 1993 issue of GENT, I'd like to thank you for printing my letter. That's my third letter so far. Let's see if we can make it four.

And now, my comments on the September, 1993 issue...

Nice cover, although in the future the logo shouldn't be the same color as the background color. Gets lost that way.

I was disappointed with the Trinity layout. When I saw her on the cover, I couldn't wait to get the mag out of its plastic bag. When I turned to her spread, I wanted to put the mag back in the plastic bag. While the pictorial didn't have any "dueling tongues", which I hate, there wasn't one shot of Trinity and Samantha "locking lips," which I love. How about a pictorial of Samantha?

Susan Dickson ("The Lady in Red") looks much better in this her second (I believe) appearance in GENT. (In her first, she might as well have been called "The Lady in Blue") My favorite pic was the one on page 29. Hey, why don't you guys do a layout with a woman in a "sack cloth," as you suggested on page 28? If done right, it might be interesting.

After seeing her on the cover, I was looking forward to Honey Moon's spread. Unfortunately, it was rather boring. It would've been a lot better had she been sporting the hairdo she had on the cover.

For me, the highlight of the issue was "Magda: A Real Barn Burner". I'd seen her in other magazines but never looking like that. Good lord, was she hot! I'm amazed she didn't melt the film in the camera. And those eyes! She looked as if she were subjecting me to an intense dose of X-ray vision. I don't think I've seen water as clear blue as her eyes. I think her next GENT layout should be near a pool, so you can compare the blue of her eyes to the blue of the water.

As for Petra, if you can't say anything nice...it's a shame she doesn't look like Petra Verkik (a *Playboy* Playmate with large breasts, at least for *Playboy*).

MAGDA: so hot, she nearly melted the camera

Before I go, a reminder of my request for future issues...Lisa Phillips (either by herself or in a girl/girl layout with Cathy, as per my suggestion), Lacey Legends (flexing her muscles), Christy Canyon and Bunny Glamazon (all 6'3" of her).

Thanks for listening. —Delmo W., New York

The Lady In Red

DEAR GENT:

Having a weakness for sleek and slender busty beauties, I couldn't help but be taken by your stunning "Lady in Red!" As a "complete model," she is something special, a flawless combination of all the right stuff, and it's all natural as well. Susan Dickson is red hot!

Kimberlee Kupps doesn't have Susan's perfect proportions, but I find it difficult to deduct points because she's a little top heavy, especially when her mammoth mounds are so cock-throbbingly beautiful. This sultry and exciting model is gorgeous trimmed in white. It contrasts nicely with her luscious tan. Her lusty taut, almost muscular curves are the best of your September edition. Kim's powerful body seems to demand your attention. This spectacular photo spread is her best ever...super-sexy!

Even though Honey Moons is a little fleshy for my taste, one can't help but be awestruck by her massive mammaries and enormous, "blown-out" full moon haloes! Her thunderhead areolae and huge juicy nipples are definitely show-stoppers! Love the way she stretches them out. I can't recall ever seeing a hotter looking set of tits!!

As impressive as I found Susan Dickson's "total assets," I found a new stripper/model named April Lynn Paris who is even more stunning with seductress-like qualities that light up the pages! Would love to see her pose for GENT. —Dan T., Colorado

More Of Petra, Please!

DEAR GENT:

You have my vote for Petra as the best model of the September issue. Her smooth pussy, coupled with a pair of mouthwatering breasts and a perfectly round body makes her an exquisite beauty (with a touch of classy innocence). I carry three laminated photos of her in my wallet, but I sure would love to have a personally autographed photo of Petra (totally nude, of course) for my bedroom wall.

Please do another pictorial on Petra! —Robert H, Iowa **G**

Candidly

Vanessa

Wanton Waitresses

yours

Leading off this month's amateur section is vivacious Vanessa, a 5'5",150-lb., 40D-30-40 self-described bisexual. She tells us she's always wanted to appear in GENT and that her fantasy is to host an orgy in which she goes down on GENT model Zoryna Dreams.

Amber

Amber O'Neill is a 5'7", 150-lb., 38-26-36 lovely who finds herself in GENT because her proud boyfriend sent her photos in. When Amber's not working, she enjoys passing the time by cooking and sucking her boyfriend's always-ready cock. To have your mate earn $150-$300, send her nude snapshots to **"CY"**, 2600 Douglas Rd., #600, Coral Gables, FL 33134.

NORMA: SEEIN' IS...

With the ink barely dry on her"Candidly Yours" debut last month, we'd already shot the phenomenal Norma Stitz for an exclusive GENT pictorial. Now, turn the page and prepare to be amazed...

BELIEVIN'!

Although we don't keep hard and fast statistics on such things, Norma may well possess the BIGGEST pair of breasts we've ever seen in GENT. Measuring an other-wordly 72-48-60, Norma is not only a boob-lover's dream girl, but she's ideal for men who lust after Rubenesque women.

Norma is the quintessential "CY" discovery. Nowhere else but in GENT (and our sister mag, "Plumpers & Big Women," which is also featuring Norma in its Jan. '94 issue) would her 5'7", 250-pound body be so coveted.

Not only is this Norma's first nude modeling shoot, but the trip to Atlanta from Virginia to be shot by lensman Don Allen was her first time in an airplane.

FISTED Fantasies

STORY BY VINCENT MACKEY

On this lucky reader's birthday, a dream of a lifetime comes true: his throbbing cock is double-teamed by both his wife and GENT all-natural D-cupper Sasha in a scintillating reader's mastur bation fantasy.

I think I'm a pretty typical guy. I've got a wife, a mortgage and a foreman who is always right. I work out three times a week, drink too much beer on the weekend and read GENT magazine while fantasizing about the women. Like most guys, my favorite fantasy is the one I've been jerking off to since I can remember having two women at the same time.

Now I know a lot of guys probably have that as a regular part of their sex lives, but with my wife Kim being as straight as she is, I figured it was an impossible dream. But you know what? It came true and it was so fantastic that I just had to write this letter and let the whole world know about it. Anyway, back to my sex adventure.

It all started about a week before my birthday. Birthdays have always been big events around our house, and for days Kim kept going on and teasing me to guess what she had planned for me. I figured it would be a big dinner with all my favorite food and that she'd send the kids to her mother's for the night so we could get nasty all over the house. Well, I was partly right. I got the dinner, the kids got sent off and I did fuck all over the house but not just with Kim. Oh, the first time we fucked that night it was just her and me and after we both came and were sharing a cig-

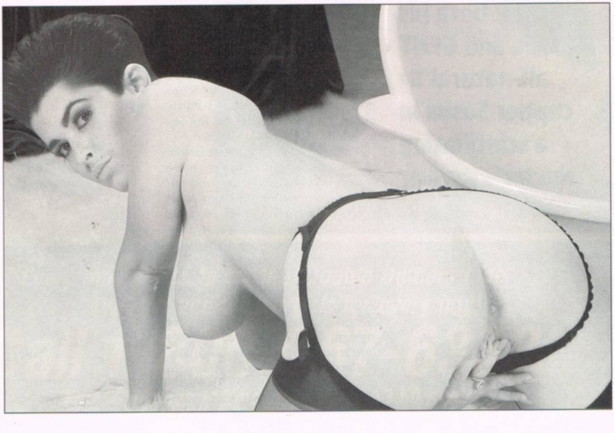
They both went to work on my throbbing tool. While one would take my hardness as far as it would go in her throat, the other would lick and nibble on my pulsating balls. On and on this went! I can't even remember how many times they brought me to the brink of orgasm."

arette, she told me it was time for her to give me my birthday present.

She went to the phone and spoke to someone for a couple of minutes. I didn't know what all the mystery was about, and she refused to tell me. All she would say was for me to wait and see, and man did I see!

About a half-hour later the doorbell rang, and when I answered it I found myself looking at one of the prettiest women I'd ever seen. She was a love goddess in the flesh, with 40-plus tits and almost invisible areolae, skin as tanned as a copper penny and eyes the color of limes. She was wearing a long fur that bulged out noticeably over her breasts and revealed tight, curvy calves below the coat. She just stood there smiling at me. I stood there frozen.

Kim brought me out of my trance. "Happy birthday, Mack." Kim's voice came from somewhere behind me. At the sound of it, the goddess opened her coat and held it open as I took in the view. Her tits were barely contained by a lacy black bra that matched the delicate garterbelt around her waist. Her legs were cased in black-seamed



stockings, topped by the nicest muff of hair on her pubic mound. The sight paralyzed me, but it didn't slow down the women. The goddess dropped her coat and moved to kiss my lips while Kim embraced me from behind. Together, the two women started to run their tongues down my body. The goddess pulled away the towel I'd wrapped myself in and out popped my hard cock. They spread me out right there on the living room carpet and went to work on my body. While the goddess sucked my tool, Kim used her tongue to swab my balls. Then they switched off so that my hardness was in my wife's mouth. I kept reaching for their pussies, but they held back.

"Lie there and enjoy," Kim said. "This is your birthday gift."

Once that was settled, the two of them went to work on me in earnest. The goddess licked up one side of my dick while Kim licked down the other. Both of them used their hands on my nuts and it wasn't long before I felt those first twinges that mark the beginning of the end.

Sensing that I was coming precariously close to shooting off my load, the girls both stopped their ministrations. They then took turns squeezing the top of my twitching cockhead until they were sure they had sqealched my orgasm for the time being.

They then both went back to work on my throbbing tool. For what seemed like forever, they took turns deep-throating me. While one would take my hardness as far as it would go in her throat, the other would lick and nibble on my pulsating balls. On and on this went! I can't even remember how many times they brought me to the brink of orgasm, only to stop or slow down at the crucial moment, so that this delicious torment could last a little longer.

Both my wife and Sasha were totally enjoying my enviable predicament. Throughout this ncredible blowjob, the girl who didn't have my cock in her mouth would tease and torment me verbally. They'd whisper things like, "I bet you'd love to come right now, wouldn't you? You want to explode so bad you can't take it anymore, can you?" Each time, the girls would say something like that, I'd get that much closer to shooting off, but they weren't gonna let me have my final satisfaction until they were good and ready to.

"Only when they were certain I couldn't stand any more of this exquisite torment did they finally start pumping my rod with no intention of stopping. Before long, they sent me over the edge."

They obviously got off on watching me moan in helpless ecstasy and finally beg them to let me have sweet release. Only when they were certain I couldn't stand any more of this exquisite torment did they finally start pumping my rod with no intention of stopping. It wasn't long before they brought me to the point of no return...and then sent me over the edge!

I felt my orgasm starting in my toes, and then the most incredible sensation of pure ecstasy coursed through my entire body before concentrating itself directly in my testicles and cock. When I finally came, I shot off with a scream and my cum arched high in the air. I thought I would never stop coming because so much spunk gushed out of me.

For the rest of the night, myself, Kim and the goddess (who I later learned was named Sasha, a GENT model in the Spring '93 Natural D-Cups edition and who my wife hired for the evening) made love in every position that is possible. It was the most incredibly sexual night of my entire life.

Next morning, I went to the newsstand and got that issue of Natural D-Cups. I went right to Sasha's photos and to my surprise Sasha was wearing the black bra and garterbelt. I will always remember the love and unbridled lust we shared, but in looking back, the best part of the whole affair was that double blow job I got when Sasha arrived. Blow jobs are always great, but it's even greater from two women.

I don't know how my wife can top this on my next birthday, but I can't wait to find out! **G**

If you have a fantasy you'd like to share, send it to Reader Contest, 2600 Douglas Road, Suite 600, Coral Gables, FL 33134. The story should run at least 1,000 words and be about some masturbatory episode, either real or imagined. We prefer you base your story on a model you've seen in GENT in the last year or so, but we'll also consider pieces that discuss your favorite masturbatory techniques, settings or anything else that has to do with masturbation. If we publish your story, we'll pay you $100. Always include your name, address, phone number, desired byline and a SASE.

THE Mamm-O-mancer

This gorgeous, mammothly endowed divinity professor had no idea that her "breast reading" would be so enlightning...and arousing.

FICTION BY FRANK SANDWELL

As a busty and lusty ethnologist, Professor Lisa Burroughs' specialty was "the study of folk psychology with an emphasis on divination in primitive societies." However, the joke going around the university faculty was that Lisa's real specialty was "the study of fuck psychology with an emphasis on insemination in primitive societies." No doubt this was due to the fact that the horny lecturer was always bragging to her colleagues about her bizarre sexual

ILLUSTRATION BY OTIS SWEAT

escapades in far-away places.

During her ongoing research into the occult beliefs of various cultures around the world, Professor Burroughs had, amongst other things, boasted of having given a six-hour blow-job to a priapic Nigerian witch doctor; had multiple orgasms with a muff-diving Eskimo shaman in his igloo; and been almost terminally tit-fucked while upside-down by a crazed Amazonian sorcerer. Lisa had also claimed to have been screwed in a less strenuous manner by a Napalese soothsayer, a Tahitian shell-tosser, a Basque visionary, and a Sri Lankan tea-leaf reader to name just a few. All in all, Lisa Burroughs was probably as much a globe-trotting sex maniac as she was a professional ethnologist.

Currently at work on a lengthy book about the history of European fortune telling, Lisa was in the Loire Valley consulting Madame Rousseau, a French authority on palm reading. Comfortably seated in the dining room of Madame Rousseau's cosy rural cottage, Lisa was having her character read by the short-sighted old lady.

"Your fingers bend back at right angles which indicates zat you are definitely not frigid," the fortune teller explained in her heavily accented English. "And ze fact zat you possess spatulate fingertips means you are overly sensual. Also, ze Mount of Jupiter below your index finger indicates your great desire for physical contact with men—any men. In fact, your fate-line shows you 'ave too much sex drive while your life-line tells me zat you frequently overindulge in ze pleasures of ze flesh," the seer explained.

"What do my heart and head lines say?" Lisa asked, realizing the chiromancer was right on the mark with regard to her passionate nature.

"Ze sign of Venue is again overpowering, and I notice zat your middle finger is very long which indicates you are   how you say?   a rabid nymphomaniac? By ze way, you may be interested to know zat ze length of a man's erect penis is exactly ze same as ze length of his hand from ze tip of ze middle finger to ze wrist."

Lisa was very impressed indeed. No wonder she was always attracted to men with enormous meathooks. Subconsciously, the American professor must have known that big hands were a perfect reflection of the alchemist's ancient motto, "As above, so below" Lisa mused as she stared up at the various autographed palm-prints covering Madame Rousseau's walls.

"Palms are not ze only part of ze human body zat can be used to predict ze future. I 'ave ze address of a friend in Rome who is as far as I know ze last person alive who is still practicing sternomancy   the almost forgotten science of prophesying from breasts. You are a very bosomy woman, Lisa, and I'm sure he could tell you a great deal about your future from your remarkable chest if you went to see 'im. A consultation would add to your book immeasurably. I think you should pay 'im a visit before you return to ze States," said Madame Rousseau.

Lisa then remembered that she had indeed read something about "sternomancy" many years ago in an old Greek text on divining, but subsequently could find no other reference to it. Now she was intrigued. Not wanting to miss an opportunity to uncover a highly rare and arcane method of European divining, she would be traveling to Italy the very next day.

The address Madame Rousseau had given to Lisa turned out to be a dilapidated 18th century apartment building overlooking the River Tiber, not far from the touristy Piazza Navona. Using Madame Rousseau as a referral, Lisa had been able to get an appointment with the mysterious sternomancer the day after she arrived in Rome. On arriving, the front door was opened by a suspicious housekeeper who invited Professor Burroughs to wait in the hall. Then a very good-looking man who was probably in his early thirties appeared. "Buongiorno. I am Luigi Vitelli. We spoke yesterday over the phone," the fortune-teller said, extending his hand in friendship.

Lisa had expeted someone a lot older and uglier and was very pleasantly surprised that Signor Vitelli was so attractive.

"My study is this way," the bearded hunk said.

Lisa was then led into a cluttered room filled with antiques and many life-size statues of naked female torsos.

"Sit down, per piacere. I am the last surviving member of the Vitelli family and was taught the noble art of sternomancy by my late father who was also a famous diplomate. My lineage can be directly traced back to Gypsies who settled in Rome at the turn of the century. I myself grew up and was educated in England where my father was posted. I am completely at your disposal, signora, to answer any questions you may have about sternomancy, or more accurately mammomancy when the subject is female," Luigi politely explained.

"Thank you," said Lisa, glancing at an odd book on a lecturn to her left. The old tome's parchment pages were open at a curious diagram of the female chest. "That looks very interesting," she purred inquisitively.

"Si. It is a medieval treatise in Latin on bosom-reading that has been in my family for countless generations. However, it is impossible to understand without the secret code that is verbally passed down with it. Probably the best thing for me to do right now to clarify things would be to give you a personal reading. That way I can explain to you in some detail this unique method of divining."

It was a logical suggestion and Lisa was confident she could remain cool and collected while her gazongas were being interpreted by Signor Vitelli. "That sounds like a good idea. Shall I lie down over there on the couch?" she asked.

"No. I would like it if you remained seated in an upright position. That way your breasts will retain their pendulous shape which is preferable for a reading. You can sit in this armchair," he said, pointing to an ornate piece of gilt furniture that looked more like a padded throne than an armchair.

Lisa obliged and tried to relax, though she hadn't bargained on such a handsome man examining her boobs.

"To begin with, I will attempt to determine some specific facts about your personality. Then I will move on to prophesying your future. Now, if you would be so good as to expose your breasts for me, we can begin."

As Luigi watched impassively, Lisa slowly undid the buttons on her blouse, pulling the garment wide open to reveal her brassiered tits beneath. She then began to nervously fiddle with the front-close hook on her formidable boulder-holder. After what seemed like an eternity, the awkward closure finally gave way, disgorging Lisa's monumental udders from the giant cups of her bra. Tucking her loose clothing around her sides, the stacked professor then leaned back in the sumptuous armchair.

"*Il tuo sena è come dei meloni toscani*," Luigi remarked, before suddenly realizing his guest didn't understand Italian. "I'm sorry. I said that your breasts are like melons from Tuscany." Obviously impressed with Lisa's colossal bust, the mam-reader began to closely scrutinize Lisa's soft-rinded casabas with a magnifying glass. "Magnifico! However, they are slightly asymetrical which means your ego and libido are out of balance. The marbled luster of your breast-flesh and the extensive network of veins around the nipples indicates you have a highly kinesthetic imagination, one in which the images formed by your mind are likely to be in terms of physical feeling and movement. Highly sensuous females and those who are attuned to such rhythms of nature as the tides and seasons also possess this veined, translucent mottling on their mammary glands."

Luigi then began to touch Lisa's countersunk teats. The American swallowed hard as his fingertips traversed her wide, rugged dug halos. "The papillary configuration tells more about an individual than any other part of the bosom and shows whether you can deliberately make the best of your talents and abilities or whether your success will depend on chance. However, nipples have to be fully erect before I can read them," the Italian explained.

Lisa's sensitive teats had soon responded to Luigi's busy thumbs by standing rigidly to attention. The professor's abundant breasts were by nature highly erogenous anyway, but the fact that Signor Vitelli had chosen to initiate physical contact by touching her dugs meant that Lisa was beginning to get aroused very quickly.

"A large teat belongs to a woman who works out a plan and, as far as her other abilities allow, either sticks to the plan or changes it after careful consideration. A fat dug is also said to go with a strong will."

To all outward appearances, Luigi still seemed clinically detached as he made his observations about Lisa via her big tits. The professor, on the other hand, was already getting wet between the thighs. Losing control, Lisa hiked up her skirt and put her hand down her panties, starting to openly masturbate.

Signor Vitelli didn't seem at all fazed by the ethnologist's brazen behavior. "Ah, yes. This happens a lot when I examine women's breasts. I think it would be an excellent idea if you went ahead and relieved yourself before we continue. Can I be of any assistance?" the swarthy Italian inquired.

Lisa submissively looked up at the mammomancer and spoke one of the few words she knew in Italian: "*Spogliami* Take off my clothes."

Still maintaining a professional veneer, Luigi made the brunette lean forward and completely removed her open blouse and bra. Then he knelt down in front of the topless girl and began to kiss her upper breasts. "The peculiar striations of your nascent stretchmarks tell me you will have a very long life," he blandly commented just before he started to lick around the concentric circles of areolar nubs radiating out from the stiff nipple of her left tit. The ethnologist gasped and sighed as the mam-reader's mouth then alternately circumnavigated both of her areolae, deliberately neglecting the awakened teats at their centers. This was more than Lisa could bear as her jugs began to swim in the Italian's saliva, though her nipples still remained annoyingly dry. Drool began to trickle into the brunette's deep cleavage and down her belly. Perfectly gauging Lisa's ability to withstand his oral teasing, it was minutes before Luigi's mouth finally docked with the brunette's cigar-butt dugs. When this happened, Lisa clamped her legs around the still dressed Italian and pulled him hard into her bosom.

Reaching inside the American's pushed-up skirt, Luigi's hand quickly discovered her moist beaver and juicy cunt lips beneath her damp panties. The buxom brunette moaned and bucked as his fingers probed her orifice and his mouth continued to stimulate her distended dugs. Unable to stand it any longer, Lisa jumped up and tore off the remainder of her clothes, expecting Luigi would do likewise and stick his cock in her hole. However, the Italian was still very interested in Lisa's ample bust and pushed the naked vixen back into the armchair, unzipping his fly as he straddled her lap. Then Luigi pulled out his rock-hard dick and began to slide it across Lisa's slippery tits before he plunged its considerable heft into her accomodating cleavage. Wrapping the ethnologist's bulbous hangers around his throbbing manhood, the mam-reader then began to relentlessly tit-fuck the top-heavy babe as she fought the urge to finger her clitoris. The brunette knew if she touched herself below she would quickly climax.

ArtBouthillier

"Never bought a drink in my life."

"So, Signor Vitelli, what can you tell me about my future?" Lisa inquired in an effort to take her mind off her demanding clit.

The embosomed Italian looked down at Lisa. "I predict you will get an Italian sausage in your pussy very soon," he declared, smiling for the first time. Then Luigi pulled his swollen dick out from between her sweaty hangers and hastily removed the rest of his clothing. Lisa was pleased to discover that the fortune-teller had an exceedingly hairy chest. In fact, he reminded her of a particularly hirsute Icelandic rune-caster she'd once boffed.

Now butt-naked himself, Luigi made Lisa kneel down and bend over the seat of the chair so he could enter her doggie-fashion. Placing his strong hands on her hips, he rubbed the thick shaft of his crimson schlang against Lisa's pussy notch before gently easing his cockhead into her dewy box. The brunette squealed with delight as Luigi's 10 inches finally slid into her cunt and filled her up to the max. Then the Italian commenced his rhythmic pelvic thrusting, gradlually picking up speed as he got warmed up.

Lisa pushed herself up slightly on the chair's armrests, enabling Luigi to rummage through her gravity-stricken whoppers as he screwed her from behind. Predictably, Lisa's hand had now been drawn to her pearly joy-button and was feverishly stimulating it as Signor Vitelli molded his muscular torso around her and continued to thrust into her. Seconds later, Lisa was experiencing her first powerful orgasm of the morning as her torrid body convulsed at the apex of erotic ecstasy. At least Luigi knew how to really please a woman, the brunette mused, unlike the inexperienced bellhop she'd seduced back at the hotel.

The mammomancer stopped fucking for a minute to allow Lisa to recover, and then resumed his unbridled thrusting. True to form, the brunette soon found herself turned on again, though now she had the insatiable desire to give Luigi a blow-job.

Abruptly getting back in the armchair much to Luigi's initial consternation, Lisa maneuvered the mam-reader into a standing position and began to lick the ribbed shaft of his glistening dick. The ethnologist could taste the juices of her own box on Luigi's manhood and was soon chafing her fleshy lips around his cockhead. Then she took the mammomancer's big end inside her mouth, at first grinding his bulbous glans against her palate before taking most of his 10 inches down her throat. Next, she began to mechanically pump Luigi's penis, allowing his schlang to occasionally slip down her esophagus and completely disappear from view. Looking down at the action, Luigi was in seventh heaven and began to violently arch his back as Lisa voraciously consumed his prick.

Sensing Signor Vitelli's excitement from his twitching cock, Lisa pulled the Italian's extremity out of her kisser and engulfed it within her vast udders, buffeting Luigi's balls as well with their bulk. However, she had made a serious mistake in thinking this would postpone her partner's ejaculation. In reality, intermammary sex only served to speed up his orgasm. Seconds later, the Italian shot his prodigious load in a continuous flow of warm, creamy jism.

"Well, are you going to tell me something about my future or not, Signor Vitelli?" Lisa asked as the two of them recovered after their tryst.

Despite his nakedness, Luigi was attempting to resume a professional demeanor. "Yes, I am. Now let me see. Where was I?" he said, reaching for his magnifying glass. Luigi then knelt between Lisa's splayed legs as she sat in the chair and began to re-examine her freshly fucked bust. "The small clusters of red capillaries near the surface of the skin on both of your breasts indicate that you will become very successful in your chosen career. And the six distinctive moles in the shape of the constellation Orion on your left boob denote you will produce a work of art which will receive great critical acclaim."

Lisa was very pleased with what she was hearing. No doubt, Luigi's last prediction was a direct reference to her forthcoming book on Europeean fortune-telling, she mused, definitely wanting to hear more from the sexy mam-reader.

Then Lisa's body suddenly reminded its owner that it still hadn't experienced a second orgasm yet. Slowly but surely, Lisa's hand was moving down towards her yearning clitoris. Luigi didn't know it yet, but the rest of the reading was going to have to wait. **G**

Lengthen Your Pleasure

Special secret Oriental Kung-Fu erotic exercise, passed down through generations, can strengthen your ability and lengthen your love-making pleasure. It's easy to learn, simple to practice and requires no medicine or equipment.

Now we're making it public to share techniques that enhance and lengthen your love-making pleasure. Our own average endurance is over 30 minutes, and many times we experience ecstasy and enjoyment. This is no gimmick. Many have benefitted from the technique. We even put a guarantee in writing.

"I used to finish making love in only 1 or 2 minutes. Now I can last well over 10. That extra time gives us tremendous enjoyment and happiness and boosts my confidence. My wife says thanks a million, too."

"I wouldn't hesitate to pay hundreds or even thousands for this tried and proven technique. We enjoy our intimacy a lot more after learning this. Nothing can buy those wonderful feelings we've had ever since."

For a limited time we're offering the technique for a special offer of only $80. (US), which includes S&H.

Send bank draft or money order to:
PAUL CHANG & ASSOCIATES
P.O. Box 185, Dept. G1
Station A
Etobicoke, Ontario
Canada M9C 4V3

For your lifelong pleasure, enjoyment and happiness, we will rush you the complete instruction package and you can start to learn and enjoy soon. Again, we guarantee your progress in writing, or your money back.

Heleana

When we discovered Heleana during Spring Break '90 in Daytona Beach, she was on the plumpish side, but she's since reconstructed her sexy 39-24-36 figure to the point that she can now be described as slim-'n'-stacked.

In addition to possessing a scrumptious, malleable pair of knockers (just check out how recklessly she's tweaking them on the opposite page), Heleana also sports the kind of derriere that drives ass-men crazy. And judging from how enthusiastically she displays her hiney in these scorching photos, we think she's well aware of the arousing effect she's probably having on you right now.

Latin Lover

Say hello to Latin lovely, Sandra Lopez, who comes to us courtesy of Lance Kincaid. Sandra is a 22-year-old college student who has always wanted to show off her sexy, fleshy figure and hefty hooters.

Measuring a mouthwatering 41-29-38 on a 5'2", 140-lb. frame, Sandra has just enough meat on her bones to satisfy devotees of full-figured women while not turning off those whose taste run to slimmer women.

In case there were any doubts about how hot-blooded this lusty Latina is, these scorching poses should put them to rest. Sandra shows us every intimate inch of her luscious body, including her meaty pussy mound.

A SALUTE TO PANDORA PEAKS

Join us in congratulating Pandora Peaks for making her third covergirl/centerfold appearance in GENT (the others were in Apr. '92 and Sept. '92).

In recent months, Pandora has gone from mere big-bust stardom in the U.S. to the rarefied air of international superstardom as millions of Japanese men discovered her when she toured the Orient last spring.

Regardless of how big Pandora gets overseas, her roots will always be in Atlanta. This sexy, succulent Georgia peach measures a whoppingly impressive 50-24-35 and delights in showing it all off for the camera's all-seeing lens.

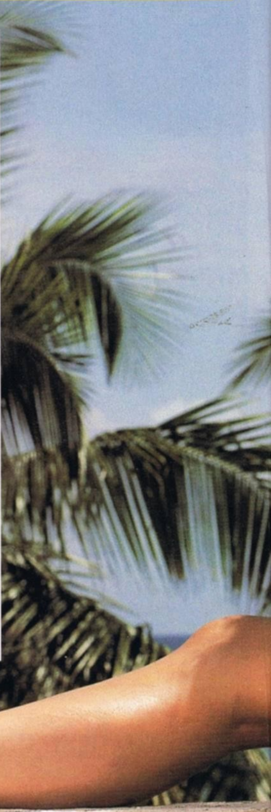
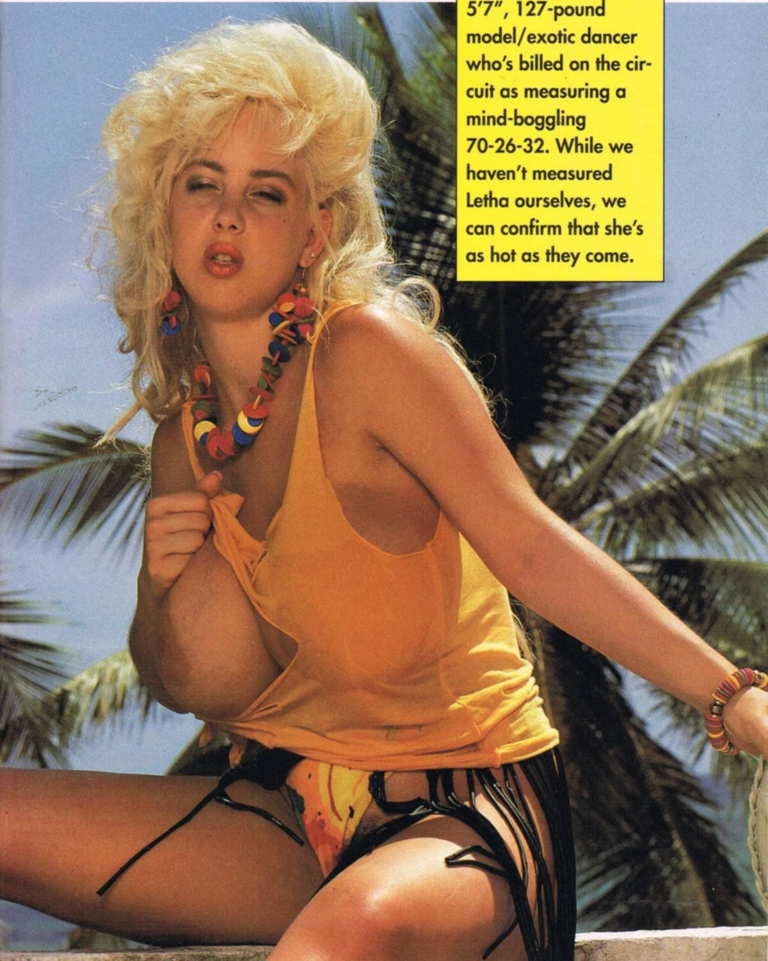
LETHA WEAPONS



Back for her second GENT layout is lusty Letha Weapons, a 5'7", 127-pound model/exotic dancer who's billed on the circuit as measuring a mind-boggling 70-26-32. While we haven't measured Letha ourselves, we can confirm that she's as hot as they come.



On a hot day, what better way to cool off than by drenching your full, round flesh melons with ice water? This seems to have done the trick for Letha in all areas but one her hot, moist pussy still needs some attention. Any volunteers?

We knew from her previous pictorial (Jan. '93) that Letha was a hot poser, but even we're amazed by the explicitness of these photos. The one at left is especially raunchy but Letha has a well-earned reputation in the big-tit world for not holding anything back... thank goodness.

APHRODISIACS THAT WORK

ARTICLE BY DONNA POWELL

Since the beginning of time, man has been searching for elixirs to enhance his sexual enjoyment and ability. Now, believe or not, you can vastly improve your sex life with a few safe, easily obtainable, over-the-counter products.

The search for some harmless food, herb or chemical which will safely increase sexual desire and sexual capacity has been going on since man came out of the cave. There are, of course, some medical aphrodisiacs which definitely work; their dangerous side effects, however, entirely rule them out for those of us who would rather be healthy and live long than to be horny and die young. But now, thanks to modern research and nutritional science, there are some safe and sane products available which even the medical community agrees are highly effective sex stimulants. They definitely work! And they work equally well for both men and women.

There are two basic reasons that men and women have been so impatiently searching for a successful sex stimulant for so long. One, a reliable stimulant would enable them to enjoy sex more frequently and have stronger, longer orgasms. Two: a reliable stimulant would promise strong sexual pleasure throughout one's lifetime. Both of these reasons are obviously good reasons: increasing one's sexual pleasure for life is obviously going to improve the quality of anyone's life. Any food, herb or chemical that allows us to "come" harder and more frequently, without exhaustion, is also going to increase our energy and vitality – all forms of sexual performance are simply components of surplus energy.

It's ironic but true that both men and women feel sexual desire due to the same physiological process: blood circulation in the genitals.

ILLUSTRATION BY OTIS SWEAT

Not only is a male's rigid erection dependent upon blood compaction in the penis, a female's clitoris and vagina require a good blood supply to make her responsive and eager for sex. If a normal male or female's genital blood circulation is in any way stepped up or increased, that man or woman will inevitably experience both increased sexual desire and stronger, longer orgasms. The major reason that males over 30 begin to somewhat slow down sexually is due to slightly impaired penis blood circulation; but even a 20-yaer-old male will definitely feel stronger and more frequent sexual urges if his (normal) genital blood circulation is increased. Women who seldom feel sexual urges can become extremely responsive if their clitoral and vaginal blood circulation is improved. Sex isn't just in the head, it's in the blood.

We're going to tell you about three natural products that you can affordably purchase which are absolutely guaranteed to make you more of a stud than you presently are; these three products will equally step up the sex urges of any healthy woman. But first, we're going to inform you about two safe prescription drugs which will work profoundly to increase both your sexual capacity and your erotic pleasure. (Your doctor or urologist will usually prescribe these drugs for you upon request; they can also be obtained by mail order if you call 1-800-659-1915).

Papaverine cannot actually be classed as a sex stimulant. But it will enable any user to retain a strong erection for from three to five continuous hours. Papaverine works (immediately) by enlarging the blood vessels in the penis, thus increasing penile blood flow. Papaverine will work for any male, young or old. And you will not lose any degree of erection after you ejaculate (no matter how many times). The one difficulty for many males is that papaverine must be injected directly into the penis. Ouch? No, according to authorities (and users) the needle used is so hair-like thin and short that one can scarcely feel the injection. After instructions from your doctor or urologist, injecting papaverine becomes a simple, do-it-yourself procedure which you can do at home. Within minutes after the drug is injected, a male develops a really rigid erection which will stand up to hard use for hours and hours.

The producers of porn flicks have found that papaverine works beautifully to keep their star studs up and hard for the rigors of non-stop sexual performance under the lights and cameras. Some males only use papaverine on special occasions (like on vacation), or when they want to impress some particular lady with their remarkable lasting powers.

A Massachusetts pharmaceutical corporation called Macrochem has come up with a way to get the drug where it's needed without the need for a needle. "It's called SEPA technology," explains a Macrochem spokesperson. "It's a delivery system that allows papaverine to be absorbed through the skin instead of injected through it.

The second safe prescription drug is called deprenyl. Developed in the 1960s by Joseph Knoll, M.D., Professor of Pharmacology at the Semmelweis University of Medicine in Budapest, deprenyl protects brain cells that make dopamine, which controls normal body movement and basic survival mechanisms such as hunger and the sex drive. Deprenyl works to often dramatically increase the sex drive in both men and women. Dr. Knoll recommends taking one five-milliagram tablet only twice a week; older men and women should take three tablets a week. Deprenyl is not cheap by any means. But it is a safe and highly effective sex stimlant.

So much for the two safe prescription drugs you can use to make sex better and to increase your own (and your lady's) libido. The three non-prescription products we're going to tell you about now have been time-tested and results are so well documented that even the medical community has admitted that they work. Dr. Bruce Hensel recently stated on a Channel 4 special in Los Angeles that these three products "can effectively increase the sex drive of men and women who use them on a regular basis." These three products are comparatively cheap and easy to obtain. They are safer than aspirin and they can benefit a user in healthful non-sexual ways as well.

These safe "natural" products all work in much the same physiological way to increase blood flow to the male and female genitalia. These products have not only been proven safe, they're used by enormous numbers of people as a means to increase energy, stamina and general health. Any product that improves blood flow to the penis and vagina is going to improve one's circulation in general. Users of these natural, affordable

products enthusiastically report higher energy, lower blood pressure, better sleep, clearer thinking, more endurance, along with a greatly increased sex drive. (This writer regularly uses all three of these products and can definitely vouch for their effectiveness.) Many individuals use these products on a five-day-a-week basis, not using them on weekends. Within a short week after using these products most persons feel much more alive and energetic and their sex urges have increased correspondingly.

Your local health food store stocks two products whose regular use will definitely increase your sexual capacity, your erotic urges and your climactic pleasure; the third product can be purchased in the produce section of your supermarket.

One of these three products, a herb called yohimbe, which can be purchased in health food stores, comes as close to being a real aphrodisiac as any medically prescribed drug. Yohimbe bark (as it is called) usually comes in 500 milligram capsules and two capsules a day can be taken every morning. Do not use yohimbe along with alcohol; wait at least six hours after taking yohimbe capsules before drinking alcohol in any form.

Yohimbe bark (or root) increases blood circulation throughout the body, but it appears to particularly increase blood flow to the male and female genitals (the penis and vagina). In many cases yohimbe will be found effective after using it for only a few days. The first use will measurably increase blood flow to a male's penis and cause his erections to be harder and longer lasting. And within a few days one will begin to experience stronger and longer pleasure during orgasm; one's sensations after a time can become exquisite and really profound.

Yohimbe bark is nothing less than a safe and sane aphrodisiac; its regular use can also reduce headaches, lower blood pressure, improve the complexion (via better circulation), and increase energy in both sexes. (Drinking alcohol with yohimbe destroys the benefits of the herb). Users of yohimbe report feelings of increased well-being and general health, along with a definite enlargement of the libido (or sexual desire). Men with sexually low-key wives or girlfriends are pleased to find them becoming much more passionate; women with sexually low-key guys see the same change come ooeer their males.

Yohimbe is the name of a tree that grows in Africa and in Mexico. It is the inner bark of this tree that acts as a sex stimulant and rejuvenator. Stanford University has performed research on this unique herb. One scientist there wrote, "Yohimbe may be a true aphrodisiac since it increases arousal in sexually mature rats, facilitates copulatory behavior in normal males and induces erotic activity in men and women who were previously inactive."

The inner bark of the tropical West African tree corymanthe yohimbe contains several indole-based alkaloids, of which yohimbe is the most prominent. It encourages increased genital blood flow in combination with stimulation of the spinal ganglia (nerves) which control erection. This action produces strong erections in the male, and vaginal warmth and sensitivity in the female. Other pleasurable effects are warm spinal shivers, which are especially intense during orgasm, physic stimulations, mild perceptual changes (without hallucination) and heightening of emotional and sexual feeling. Yohimbe works directly on the sex center of the brain (limbic) as well as other organs.

The second product is fairly well known: ginseng. Ginseng is not an aphrodisiac. But it definitely does work synergistically to increase the sex stimulant properties of Yohimbe. Yohimbe can be used effectively alone. But when Yohimbe is used in conjunction with Korean or Siberian Ginseng the results are better and longer-lasting. You can purchase ginseng (Korean or Siberian) in any health food store for a moderate price.

Ginseng has long been known (and used) to increase energy, improve sleep, improve concentration and creativity, normalize blood pressure, strengthen muscles, increase stamina, and induce strong feelings of confidence and well-being. It can also strengthen the sexual urges in both sexes.

When the Chinese and North Korean forces fled across the Yalu River during the Korean War, they are said to have shipped 22 million dollars' worth of Korean ginseng to Russia. It was then that the Russian scientists took up the study of Ginseng and began to record its tonic qualities and it effect on human and animal organisms. What has emerged is a true evaluation of this remarkable root. The Russian scientists found that many of the claims made by the Chinese for hundreds of years could be substantiated. In experiments with white rats, Dr. D. Beckman, one of the

leading scientists in Russia, discovered that in controlled conditions the animals given Ginseng could out-swim and out-survive by 26 percent the animals that did not receive it. With such evidence from its scientists, the Soviet Union realized that there would be a world demand for ginseng and that the sources in Korea would dry up as war made transport to the United State and other countries impossible. So 10,000 acres of land were planted with ginseng in the Soviet maritime province of southeastern Siberia. Since ginseng needs some shade for its growth, and it takes six years before a root is mature enough to be harvested, it is not likely that this planting was done without thought. A great deal of study and research was obviously done before the Soviets made such a huge investment in terms of time and money. And it's more than likely that part of the superiority and supremacy of Russian athletes is due to their admitted use of ginseng. (Now there is talk about making ginseng a controlled substance and banning its use for Olympic athletes.)

There is a fruit that you can buy in the produce section of your local supermarket that might well be termed "passion fruit." In March of 1993, Dr. Bruce Hansel's televised report on "natural aphrodisiacs," wherein he reported on the value of yohimbe and ginseng, contained some newly discovered facts about avocados. The new contention in the medical community is that "the particular blend of oils found in avocados contain certain specific and non-specific ingredients which definitely work as a stimulus to sexual desire."

Unlike yohimbe, the avocado is not a quick-acting aphrodisiac whose ingestion will immediately make a male or female horny. Avocado oil will gradually work to influence a person's sexual desire; its unique nutrients take some time before their effects are felt. The avocado is a vitamin and mineral loaded fruit; its oils can even help lower cholesterol.

If avocado is used as a spread on bread or crackers, or as a dip with hot sauce (guacamole dip) two or three times a week, along with a daily intake of yohimbe and ginseng, you are going to soon feel sexier and be sexier than you presently are. While the product that comes closest to being a true sex stimulant of these three is unquestionably yohimbe, the use of ginseng and avocado will work synergistically (as a team) to cause yohimbe to be even more effective. Ginseng will definitely help to increase your energy (even more than yohimbe), and avocado will gradually nourish and strengthen your entire sexual system.

Yohimbe capsules can easily be opened and the powder poured into hot (sweetened) water to make Yohimbe tea. And yohimbe can also be purchased in powder for for making tea. As a tea, yohimbe works much faster (within an hour), but its effects last only about three hours. Do not use yohimbe in any form in conjunction with any kind of alcohol; the two are highly incompatible.

Some individuals or couples only use yohimbe on days when they plan to have sex. We feel this is both wise and desirable; why waste the stimulant when you don't want to feel stimulated? Ginseng, however, is beneficial to take on a daily basis — we can all use extra energy and endurance. It isn't necessary for good results to use avocado. But for a "natural" long-lasting effect, avocado will definitely help.

Use these economical supplements and you'll soon be hornier, healthier and happier! **G**

REVIEWS BY
TRACE MASTERS

Reviews of new videos with an emphasis on big bust action.

·Battle of the Superstars ·Savannah Superstar ·The Taming Of Savannah

Savannah makes her claim for superstar status with three Vivid performances.

CAST: Savannah, Hyapatia Lee, Tiffany Taylor, Randy Spears, Jerry Butler, Melanie Moore, Fransesca Le, Crystal Wilder, Ron Jason, Tom Byron, Marc Wallice and Ron Jeremy.
DIRECTOR: Nancy Nemo (Savannah Superstar and The Taming of Savannah). Paul Thomas (Battle of the Superstars).
LABEL: Vivid.
RUNNING TIME: Average of 70 minutes.
D-CUP RATING: One pair for each video.
TRACKING: The *Adult Video News* gave Savannah Superstar and *The Taming of Savannah* three stars each. *Battle of the Superstars* received two stars. Five stars is the highest award given.
REVIEW:

Savannah, known in some porndom circles as "Miss Thing," provides three possible explanations for her rather dubious title in the three latest releases from Vivid.

Few would argue that Savannah's beautiful body qualifies her as a contender for the "Miss Thing" title. Her voluptuous, curvy figure, ample breasts, sparsely furred pussy and pouty lips make her a love goddess to be sure.

And certainly her sexual abilities would support such a title even further. Just look at the way she handles any situation with great sexual prowess. Savannah teams up with Hyapatia Lee in Savannah Superstar, handles Melanie Moore in *The Taming of Savannah* and does a threesome with Teri Weigel and Peter North in *Battle of the Superstars*.

But more often than not in all three of these videos her ego and lack of acting ability become painfully obvious and the real reason for the title emerges.

Savannah Superstar provides the best look at this blonde's beautiful body, intermingling X-rated scenes with Savannah exploring her inner-most regions. We get to see Savannah pumping a pink dildo in and out of her hot hole, as well as a sizzling lesbian scene between her and Hyapatia Lee, a titter in her own right.

Savannah Superstar has no real plot, other than Savannah relating brief chapters about her life and rise to celebrity. This is one time when reality would have been much better than fiction. Everyone knows Savannah got her start as a rock groupie and that's one story we wouldn't mind seeing brought to the big screen.

The title of *The Taming of Savannah* is a bit deceiving.It's actually Savannah whodoes the taming and she starts off with Melanie Moore. This sensational lesbian scene, complete with fetish undertones, makes this video worth consideration for the old collection. The rest isn't bad either, including scenes with Ron Jeremy and Fransesca Le and a threesome

Tiffany Taylor is one of many hot titters who get their pussies serviced in the "Savannah" video series.

Gorgeous, busty Savannah (above-l) turns her video series into an epic carnal romp.

of Marc Wallice and Melanie Moore teaming up on Savannah.

Savannah's lack of humility and acting ability are the star of *The Battle of the Superstars Round 1*. She proclaims herself the queen of porndom and says she is the best. She seems to be kidding, but even the camera man questions her humility. Savannah has a good lesbian scene with Teri and takes on ring boy Peter North to help even things out.

All three of these videos are worth a look, but if you're thinking of adding a Savannah video to your collection, we highly recommend *The Taming of Savannah*. You'll definitely get more than you bargained for.

·Arabian Nights
·Reflections of Rio

Wicked Pictures' debut releases are devilishly clever and sinfully sexy.

Porsche Lynn, Sierra, Lacy Rose, Melanie Moore, Christina De Oar, Jenna Wells, Sean Michaels, Jonathan Morgan, Julian St. Jox, Stephan St. Croix, Alicia Rio, Steve Houston, Marc Wallice, Meo, TinaTyler, Rebecca Bardoux, Natasia,and T.T. Boy.

DIRECTOR: Michael Craig (Reflections). Jim Enright and Jace Rocker (Arabian Nights).

LABEL: Wicked Pictures.

RUNNING TIME: 90 minute average.

D-CUP RATING: One Pair each.

TRACKING: Reflections scored three and a half stars with *AVN* while *Nights* garnered four and a half.

REVIEW:

Wicked Pictures is one of the newer production companies and shows unlimited promise with its first two releases, *Reflections of Rio* and *Arabian Nights*.

Both of these videos deserve attention, but Nights is definitely one video you won't want to miss.

Nights directors Jim Enright and Jace Rocker borrow more material and concepts than a third-rate Holiday Inn lounge act, but they and a great cast not only make the recycled gags work, but make them work very well.

Jonathan Morgan and Stephan St. Croix are a couple of stooges who happen to be private dicks. They are hired by the mysterious Elsa Mountainbottom (Christina De Oar) to find the lost Lantern of Aphrodisia, which gives the owner super sexual powers.

They manage to find the lantern but run into trouble with Sultan Saddam Ohmigosh (Sean Michaels), who wants to use the lantern to develop a STUD missile.

The laughs are continuous throughout this farce/spoof. Oh yeah... and there's plenty of hot sex too. One of the best scenes is a threesome with harem girls Porsche Lynn, Sierra and Lacy Rose.

Enright and Rocker establish themselves as the Mel Brooks of the adult video world with this work and Jonathan Morgan and Stephan St. Croix could become the Martin and Lewis of adult video. Look for *Arabian Nights* to garner a lot of attention come

Few female porn stars approach their roles with as much gusto as sexy, pussy-licking Alicia Rio does in "Reflections Of Rio." Alicia readily admits to being an oversexed nympho and then goes out of her way to prove it to us in this scorchingly explicit new release.

"Arabian Nights" is chock-full of outrageous, arousing escapades like this one featuring sexpots Melanie Moore and Jenna Wells.

awards time.

On the other end of the spectrum is the behind-the-scenes docu-porn *Reflections of Rio*. The Rio is Alicia Rio and she lets it all hang out in very candid sound bites and even more explicit sex scenes.

When asked how she prepares for her sizzling sex scenes, Alicia replies, "As long as you have fresh breath and a fresh pussy, that's all that matters."

Another memorable moment includes Alicia remembering her days as a nympho. "I'd look at a pencil and get turned on," she says.

If you ever wonder about the way things are done on the set of an adult video, this real life video should help answer some of your questions.

M Series Vols. 1-4

Sizzling salt-and-pepper sex that gives you a taste of jungle fever.

CAST: Lynn LeMay, Sean Michaels, Shawnee Cates, Angela Faith, Monique Perri and plenty of porn wannabes.
DIRECTOR: Bobby Hollander.
LABEL: L.B.O. Entertainment.
RUNNING TIME: 90 minutes each.
D-CUP RATING: One pair for each video.
TRACKING: Unrated.
REVIEW:

If interracial matches are your thing and you have a passing fancy for large tits, then this series was made just for you.

Every possible mixture of salt and pepper partners is served up in this series and the result is some pretty spicy sex.

Lynn LeMay, who has appeared in GENT, sizzles in her scene with Sean Michaels in Vol. 4. Her push-up bra can barely contain her massive mounds when she starts to enjoy the pleasures of Sean's tongue on her pussy. As this blonde holds her pussy lips apart, Sean fucks her with his tongue and the moisture starts to seep from her hole. It's a great long scene, as most in this series are, and she should certainly think about adding to her portfolio.

Better than average production values and very excited casts make this series consistently good. **G**

A BET IS A BET

FICTION BY SHANE MILLER

With his best customer a grand in the hole and claiming to be broke, this bookie had to accept an alternative form of payment. But was a night of lust with any woman worth that much?

Like most gamblers, even the good ones, Bud Lamson had his winning

ILLUSTRATION BY MICHAEL KIRWAN

streaks and his losing streaks. But this losing streak was the longest I had ever seen.

We were sitting in Hank's Bar & Grill, my hangout for taking bets.

"I'm tapped out," he told me.

"Too bad," I said. And I meant it too. Bud was a steady customer.

"I wanted some action on that Denver game this weekend," he told me.

I shrugged. "You know how I feel about credit," I said. "Being a bookie has enough risks."

He sighed. "I know."

"Don't you have anything that can be converted to cash?" I asked him.

We were both silent for a moment. I let my eyes wander. Bud's wife, Ana, sat at the bar, waiting for her husband. She was a helluva woman. She had light colored brown hair; it reminded me of the back of a fawn. Her hair was shiny, falling over her left shoulder. Her eyes were enormous and the green of a crisp hundred-dollar bill. She had a creamy complexion, and her mouth was scarlet, glossy, luscious and inviting. She carried perhaps five or ten pounds more than was absolutely necessary, but on her it looked damn good. Voluptuous was the adjective that came to mind. Her gigantic knockers lay on the shiny surface of the bar, polishing the dark mahogany wood. She wiggled on the bar stool. Her ass gently flexed.

I was glad I was sitting at a table. I didn't know if Bud would be pissed if he spotted the twitching hard-on his wife was causing me.

"I have one thing of value," Bud said softly, his eyes following my gaze.

"What's that?" I asked.

He nodded towards his wife. "Ana."

"What are you suggesting?"

"A thousand bucks on the Denver-Atlanta game against a night with Ana."

"Are you crazy?" I sputtered. "What woman is worth a thousand bucks?"

"Trust me, Ana is," he said firmly.

"What if she wants no part of this? I hear some women have minds of their own these days."

"Don't worry. Ana will do what I ask."

I hesitated, but not for very long. If I had my suspicions, Ana's green smoldering eyes promised a heady kind of passion that was worth the risk of a thousand bucks.

"How many points will you give me?" asked Bud.

Well, even with the points, it didn't turn out to be much of a game. The next Monday Bud met me in Hank's Bar & Grill with the expression of a loser.

"I talked to Ana."

"And?"

"She said, 'A bet is a bet.'"

"It sure is," I agreed.

"Come over this evening. She'll be waiting for you."

"What'll you be doing?"

"I'll stay with a friend tonight."

"Mighty big of you," I told him.

"Like Ana said, 'A bet is a bet.'"

That evening, Ana almost took my breath away when she opened the door. She wore a sky-blue diaphanous gown. Sheer and gauzy, it looked more like a negligee than an evening gown.

When she opened the door for me, the chill from outside perked her nipples right up. As my eyes wandered appreciatively over those glorious, mammoth mounds, Ana seemed to hold them out for my delighted inspection.

With a soft, sultry voice, she invited

me in and it was clear that the invitation included more than just entering her house.

"What about Bud?" I asked.

"He's gone for the evening."

I nodded.

"Can I fix you a drink?" she asked.

"Sure," I said, sitting on the couch. I watched her walk across the room. Her hips flared; her ass looked like two giant cream puffs, working against one another, flexing.

She swayed provocatively as she walked towards me, lithe and lively as an ivory panther. I could see the dark triangle of her cunt through the sky-blue chiffon.

"Bud told me about your...wager," she said, handing me the glass of Chivas.

That was the only acknowledgment Ana made of the bet.

She sat beside me on the couch. She ran her slender fingers through her long caramel-colored hair, gazing at me. Her wine-dark nipples continued to poke out and taunt me with their rigidity.

It didn't take me long to forget about the Scotch, even if it was good quality. What was sitting in front of me was a damn sight finer.

I drew Ana towards me. Her breath, soft and sweet, was a little ragged against my cheek. Her warm mams mashed against my chest as I kissed her deeply. He lips were soft and spread under the gentle prodding of my tongue. A velvety moan swelled from her throat. I explored her mouth, tracing her scarlet lips with my tongue's tip. She sucked on my tongue as if it were a miniature prick. I kissed her throat, feeling her quiver.

Her sky-blue gown opened of its own accord, revealing the creamy splendor of her knockers. Christ, they were luscious beauties. I ran my fingertips over the expanse of her flesh. Her titties were warm. Her skin was vibrant. I held each of the heavy, ivory globes in my palms, weighing them. Ana leaned her head back against the couch. I rolled her nipples between my fingers and thumbs, listening to her moan happily.

I bent over Ana's mounds. I caught the scent of her arousal. A silver trail of perspiration trickled between her boobs. I gathered it on the tip of my tongue. Slowly, I dragged my tongue around the dark target of Ana's areolae. Carefully, I came closer and closer to the quivering tip of her nipple. In a whine of exasperation, Ana shoved her tit into my mouth.

"There," she sighed, contentedly, "suck on it good and hard. Make me want it."

"I'll try my best," I replied, modestly.

I drew her enormous nipple between my teeth and gently nibbled on the ripe grape. Her whine turned to a sigh of pleasure. She wiggled her butt in delight as I bathed her pert nipple with my tongue. She clutched my hair, gasping and shuddering, and arched her back. Ana stuffed more and more of her pale melon into my mouth. Eagerly, I devoured her succulent flesh.

I pushed open Ana's gown further to gaze at her tangled fur-pie. The tangy smell of her muff rose to my nostrils. I ran my fingers through her black pubic hair. I ran my fingers over her plump pussy lips. She moistened in response to my stroking.

Sensually, I dragged my finger along her trench. Gently, I moved my finger into her passion pit. I stroked Ana's sensitive love channel, slowly drawing my finger out and around her clitoris, then plunging in again. I massaged Ana's pink love button until it glowed warmly and wetly. Her clit thrust out, stiff and erect.

For what seemed like hours, I stroked and stroked the voluptuous beauty. Small shudders of pleasure flickered through her flawless body. A glow of perspiration covered her ripe, voluptuous figure like a veneer of lacquer. I lifted my finger and sniffed her lusty fragrance. Ana took my hand and raised my finger to her lips. She sucked it, licking away her own spicy juices.

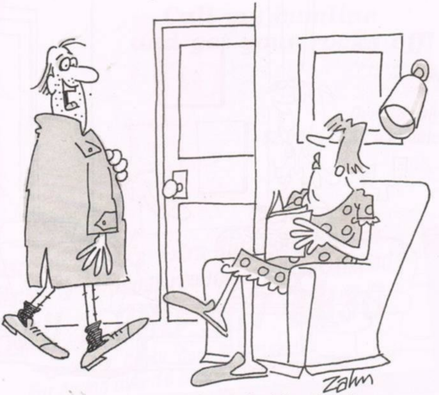
With a quiver in her voice Ana said, "I think we better adjourn to the bedroom, don't you?"

I nodded, my cock twitching in reply.

Dropping my clothes over a chair, I joined the ravishing beauty in bed.

"Lie on your back," she whispered playfully, on her knees.

She bent over my totem pole of love, purring as she drew her tongue along the rigid muscle. She dragged her tongue from the base to the crown, then around the purple crown, burrowing into the slit on top. As she bent over me, her tits hung low like two gigantic white pears. They jiggled as she sucked me off. She plunged her mouth over my rod. When she came up for air, her scarlet lips were flushed. A string of saliva went from the top of my cock to the



"I'm going out, Helen. Be back in a flash."

corner of her mouth.

Gripping my love pole, she brushed the tip of her titties — first one, then the other. The nipples responded as she stroked them back and forth with the tip of my cock. Bending over slightly, she nested my dick between her tits. She slid my hot rod along the silky channel between her mams, holding her boobs together. I could see the flushed, pink crown appear and disappear between her delectable cream puffs.

Finally, I managed to kiss her hard on the mouth and turn her around. The wide expanse of her snowy ass was turned towards me. I left wet kisses on her rear as I nibbled my way down to her waiting pussy. The fragrance of her excitement was rich and thick in the air.

Her butt arched high. I burrowed my tongue between her full, fleshy pussy lips. I flicked her clit and explored her warm cunt. She was shuddering uncontrollably.

"Please," she begged, "please put it in."

I wielded my swollen shaft, stirring it around the entrance to her twat. Her nectar coated my cock, dribbling over her cunt's mouth. I felt her cuntal muscles, desperately trying to grasp my love pole.

Grasping her broad hips, suddenly I plunged to the bottom of her hole. She gasped loudly and then moaned in pure sexual ecstasy.

Ripples fled across her ass as I took the beautiful brunette doggie-style. Her titties swayed and swung under my relentless lunges. I gripped the hanging beauties.

She was panting softly. My eight inches was swollen thickly and I stretched her pussy's entrance, providing her with a delicious thrill.

Ana reached underneath herself between her legs. She caressed my ball sack and her exquisitely sensitive clitoris.

She whined when I slipped out of her. She closed her mouth, however, when I rolled her onto her back and, resting her knees on my elbows, plunged into her velvety twat.

She stammered her delight as I took her with rapid, forceful strokes. Like a rabbit she lifted her butt, fucking me with quick, hard, short jabs.

She was sweating and panting, playing with her tits as I fucked her. Her eyes closed, she whimpered as she screwed me with reckless abandon.

"That's it, baby," I urged her. "Give it all to me."

Faster and faster, she lifted her hips. She braced herself against the bedpost. Her boobs moved like creamy pudding in rhythm to my plunges.

Finally, she arched her back and ass, lifting me into the air. She dug her heels into the sheets. She screamed.

Ramming it in one last time, I exploded. My jizz spurted in a long geyser, spraying against the walls of her cunt.

She shuddered and writhed as I gushed sweet waves of sperm into her overflowing cave.

Eventually, she collapsed, catching her breath, smiling with contentment and delight.

"That was some pay-off," I whispered in her ear.

She merely smiled and drifted into sleep...as I did too, exhausted from the erotic workout Ana had given me.

Drowsily, I thought, Bud was right: a night with Ana really was worth a thousand bucks. While I slept, I thought I heard some voices.

Was that Bud, slipping out of the closet, talking to his buck naked wife Ana?

"You were beautiful, honey," he whispered, kissing her on the mouth, slipping a finger into her soaking twat.

"You're a sweetheart to pretend to lose that game for me," Ana replied, nuzzling his neck.

"It wasn't easy to find a game I was sure would lose," said her husband.

Tentatively, she asked, "Do you think you can find another next week?"

Bud laughed softly.

"It would be fun," she whispered, "to take on both of you at the same time."

"I'm sure I can find one," whispered Bud, as he slipped back into the closet.

I snuggled into the warm bed. As she rejoined me, I felt Ana's tits press against my back. I felt her hand creep along my thigh and masturbate my swelling shaft.

It must have been a dream, I told my half-conscious mind. What man would lose intentionally? In any event, I was more than happy to ride this winning streak as long as I could. After all, a bet is a bet. **G**

A D-Cup DIP

For her first foray into the "Home of the D-Cups," 5'6", 150-pound Paloma decided to do a little skinny-dipping. With a figure like hers, why cover it with a bathing suit?

Although originally from the Caribbean Islands, Paloma now makes her home in London. But she still enjoys luxuriating in swimming pools and getting every intimate inch of her fabulous 42-27-37 figure wet.

Whether immersed in water or just out of it, Paloma cuts a striking figure. In addition to sporting a deliciously ripe pair of flesh melons, Paloma can also boast of having a tantalizingly fleshy tummy and a neatly trimmed pubic bush.

New Videos *offered by* Gent

Gent Model
BRANDI MYLES
loves the outdoors. Watch as Brandi suns her hot oiled body on a bench amongst the trees and massages her mega mounds to ecstasy! She tries to relax in the shower and then in the bed, only to get off again and again. This girl just can't keep her hands off herself!
$34.95

SAVE $10 or $40
Buy ANY TWO for just $60
or ANY FOUR for only $100

For Faster Service, Use Your Visa or MasterCard
and call 1-305-443-2370

Black beauty Toi lets all of her 38DD tits hang out while satisfying herself in supreme single girl style.
$34.95

TOI

This apple a day will keep what-ever ails you away. See Candee as she plays in the pool, showers and frolics in bed. $34.95

CANDEE APPLES

Watch Zoryna strip down to her bare essentials for a hot photo shoot and try to cool off in a shower.
$34.95

ZORYNA DREAMS

OTHER BIG BOOBED VIDEOS OFFERED BY GENT INCLUDE:

Alyssa Alps, Betsy Boobs, Crystal Topps, Danni Ashe, Dee Dee, Fluffy Pillows, Heather Hooters, LA Bust, Lisa Rae, Princess Pattiya, Maxine Monroe, Monique, Montana, Persia, Suzi Boobies, Tabatha Towers, Trinity Loren, Wendy Whoppers. ALL VIDEOS $34.95 each

SADDLE UP WITH BRANDI

Check out Brandi's New Video

A popular exotic dancer by night, beautiful Brandi Myles took time out of her busy schedule to don one of her favorite stage costumes and display her bodacious body for our pleasure.

Because Brandi is on the road so much, she doesn't get the chance to indulge her passion for horseback riding as often as she'd like. Since moving to Los Angeles from her native Wyoming, Brandi has taken up several SoCal sports such as windsurfing and volleyball, but she'll never let herself forget her Western roots.

If seeing these hot photos of Brandi's sexy 43-24-35 figure has whet your appetite for more, you should check out her brand-new solo masturbation video. Turn back to the ad on page 102 of this issue for all the details.

If this first layout is any indication, we'll be seeing a lot more of beautiful Brandi in the near future.
